moving addition to their collections, will be just as at ease as thoughtful shoppers seeking a one-of-a-kind handcrafted keepsake that will be remembered for decades.

Absorb the beauty. Allow it to transform

Art is a natural antidepressant—brilliant pigments—creamy textures—sensual curves. There's no denying its power to stir our senses.

Unlike any other art market, the American

intellectual, emotional, philosophical experience, craft frequently incorporates art's more functional aspects. Art may serve a decorative purpose while a fragile object can be crafted solely to ornament. Much like a muted watercolor, it's exquisite when the lines blur.

The fair and show elevate the art of browsing into a true interactive adventure. Amidst the isles, you'll discover art-in-action with special events, contests, and lectures. Here, fine art aficionados, perusing the isles for a

your day. Edgar Degas once said, "Art is not what you see, but what you make others see." Whether it's a neo realist oil portrait

from an underground Parisian painter, a copper figurative by a local sculptor, or

Instead of merely shopping, discover what inspired your fantastic find, straight from the artisan whose hands shaped it. From all over the world, artists have gathered, not simply to display their works, but also to bring voices to the forces behind their visions.

Art is a necessity. It's essential to wellbeing. That's why we've created an environment for hundreds of artists and craftspeople to show their works, and flourish. So go ahead, give yourself an art-break. Engage your sense of wonder. Take the time to discover what moves you. But most of all—soak up all the great positive energy—**art is the best medicine!**
